## Independent Auditor's Report

The Honorable Susan Combs  
Comptroller of Public Accounts of the State of Texas  
Austin, Texas

### *Report on the Financial Statements*

We have audited the accompanying financial statements of the Tobacco Settlement Permanent Trust Fund (the Fund), a private purpose trust fund of the state of Texas, as of and for the year ended December 31, 2013, and the related notes to the financial statements, which collectively comprise the Fund's basic financial statements, as listed in the table of contents.

### *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### *Auditor's Responsibility*

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Fund's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Opinion***

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Fund as of December 31, 2013, and the changes in its financial position for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

### ***Emphasis of Matters***

As described in Note 2, the financial statements present only the Fund and do not purport to, and do not, present fairly the financial position of the State of Texas or the Texas Treasury Safekeeping Trust Company as of December 31, 2013, and the changes in its financial position for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

As described in Note 2 to the financial statements, effective January 1, 2013, the Fund implemented Governmental Accounting Standards Board (GASB) Statement No. 65, *Items Previously Reported as Assets and Liabilities*. Our opinion is not modified with respect to this matter.

### ***Other Matter***

#### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the GASB, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

## **Management's Discussion and Analysis**

December 31, 2013

The Tobacco Settlement Permanent Trust Fund (the Fund) management's discussion and analysis is designed to assist the reader in focusing on significant financial issues and provide a performance overview of the Fund's operations for the year ended December 31, 2013. Please read this analysis in conjunction with the basic financial statements which follow this section. The Texas Treasury Safekeeping Trust Company (Texas Trust) administers and manages the assets of the Fund.

### **Financial Highlights**

- The total net position of the Fund increased \$154.5 million or 7.24% during the year 2013.
- The Fund provided \$50 million to political subdivisions for health care.

### **Overview of the Basic Financial Statements and Condensed Financial Information**

The management's discussion and analysis is an introduction to the Fund's basic financial statements. The Fund has only one fund and therefore the government-wide and fund financial statements are the same since the Fund reports all of its activity as a fiduciary fund, which uses the same measurement focus for all statements.

The Statement of Fiduciary Net Position provides information about the nature and amounts of the Fund's cash, investments and receivables (assets), and their management fees (liabilities). The Statement of Changes in Fiduciary Net Position reports the additions to, deductions from, and net increases or decreases in net position.

This annual financial report consists of two parts:

- Management's discussion and analysis
- Basic financial statements

## Management's Discussion and Analysis

December 31, 2013

The Statement of Fiduciary Net Position presents the financial position of the Fund at the end of the fiscal year and includes all assets and liabilities of the Fund. The difference between total assets and total liabilities equals the Fund's net position. At December 31, 2013 and 2012, Net Position was calculated as follows:

	<u>2013</u>	<u>2012</u>	<u>Amount of Increase (Decrease)</u>	<u>Percent Change</u>
Investments – at fair value	\$ 2,289,577,438	\$ 2,138,422,014	\$ 151,155,424	7.07%
Other assets	<u>1,020,364</u>	<u>3,502,433</u>	<u>(2,482,069)</u>	<u>(70.87%)</u>
Total assets	2,290,597,802	2,141,924,447	148,673,355	6.94%
Total liabilities	<u>1,134,027</u>	<u>6,939,295</u>	<u>(5,805,268)</u>	<u>(83.66%)</u>
Net position held in trust	<u>\$ 2,289,463,775</u>	<u>\$ 2,134,985,152</u>	<u>\$ 154,478,623</u>	<u>7.24%</u>

During the period, other assets decreased by \$2.5 million dollars while total liabilities decreased by \$5.8 million. The decrease in other assets and liabilities is attributable to a decrease in trades pending settlement.

The Statement of Changes in Fiduciary Net Position presents the activity within the Net Position balance for the year ended. Significant activity accounts include net investment income and distributions to local governments. The change in net position for the years ended December 31, 2013 and 2012 is as follows:

	<u>2013</u>	<u>2012</u>	<u>Amount of Increase (Decrease)</u>	<u>Percent Change</u>
Net investment income	\$ 211,039,391	\$ 195,820,891	\$ 15,218,500	7.77%
Distributions to local governments	50,000,000	50,000,000	-	0.00%
Expenses	<u>6,560,768</u>	<u>6,161,126</u>	399,642	6.49%
Net increase in net position	154,478,623	139,659,765		
Net position held in trust at beginning of period	<u>2,134,985,152</u>	<u>1,995,325,387</u>		
Net position held in trust at end of period	<u>\$ 2,289,463,775</u>	<u>\$ 2,134,985,152</u>

## Management's Discussion and Analysis

December 31, 2013

Net Investment Income increased by \$15.2 million compared to the previous year as a result of the higher investment returns earned by the Fund. During the year ended December 31, 2013, the total rate of return for the Fund was 9.79% while the total rate of return for the previous year was 9.34%. The total Fund outperformed its benchmark for the year by 0.15%.

## Management's Discussion and Analysis

December 31, 2013

The current structure represents the ongoing effort by the Texas Trust to achieve its investment objective to earn an annual total return that:

- Provides a predictable, stable stream of distributions.
- Ensures that the inflation-adjusted value of distributions is maintained over the long-term.
- Ensures that the inflation-adjusted value of the corpus after distributions and fund expenses is maintained over the long term.
- Achieves the desired portfolio volatility and minimizes downside risk through diversification and risk management.

The Fixed Income strategies are expected to generate relatively consistent positive returns with lower correlation to the public equity markets. Strategies selected are intended to provide positive returns during most economic and capital market environments.

The Equity strategies include public and private equities and asset classes that are correlated to global equity markets. Historically, global equity investments have provided returns in excess of the total return objective of the Fund.

The Real Asset strategies are intended to serve primarily as inflation hedges and provide diversification benefits of low correlation with other investment strategies. A significant majority of the portfolio will be exposed to real assets such as high quality real estate, timber, infrastructure assets, industrial and precious metals, energy, livestock and grains.

The All Asset strategies include exposures across equity, fixed income, and real estate classes. This portfolio may consist of long-only, hedged, and private strategies whose portfolios are diversified across a broad range of asset types.

## Management's Discussion and Analysis

December 31, 2013

The following charts compare the Fund's macro strategy target asset allocation as of December 31, 2013 with its actual allocation as of December 31, 2013 and the Fund's sub-strategy asset allocation as of December 31, 2013 with its actual allocation as of December 31, 2013.

# Tobacco Settlement Permanent Trust Fund

## Management's Discussion and Analysis

December 31, 2013

The above chart compares the year end actual allocation with its target allocation for each sub strategy. The largest variations at year end were a 2.2% underweight in inflation linked bond and a 3.7% overweight in the all asset sub-strategy. Both variances were well within the allowable target ranges for the strategy.

### Unfunded Commitments

As of December 31, 2013, the Fund's outstanding unfunded commitments totaled \$291.8 million.

### Investment Performance

The chart below presents the Endowment Pool performance as of December 31, 2013. During the year the Endowment Pool's overall performance was 9.79% while the policy benchmark return was 9.64%. During the year, the Global Fixed Income, Alternative Fixed Income, Private Debt, Global Public Equity, Hedged Equity, Private Equity, and Enhanced Real Estate composite outperformed its benchmark. All other strategies underperformed their respective benchmarks.

The Fund is included in the total Endowment Pool. Due to timing differences in contributions and distributions, endowments may have slightly different asset allocations than the total Endowment Pool, which may result in slightly different performance results when viewed separately. Below is the performance comparison of the Fund to the Endowment Pool for the preceding 1 year, 2 year, and 3 year periods.

	<u>1 Year</u>	<u>2 Year</u>	<u>3 Year</u>
Total Endowment Pool	9.79%	9.56%	5.71%

# Tobacco Settlement Permanent Trust Fund

## Notes to the Financial Statements

December 31, 2013

### (1) Reporting Entity

The Tobacco Settlement Permanent Trust Fund (the Fund), was established under the authority of House Bill 1161 (the Act) enacted by the 76th Regular Session of the 1999 Texas Legislature. The purpose of the Fund is to collect monies from the tobacco companies, and distribute the funds to eligible local governmental units for reimbursement of previous healthcare costs associated with tobacco related illness. The Fund was organized on July 24, 1998, and commenced operations on December 31, 1998.

The Act establishes the Fund with the Texas Comptroller of Public Accounts (the Comptroller), who is required to administer and manage the assets of the Fund with the advice of, and in consultation with, the appointed Tobacco Settlement Permanent Trust Account Investment Advisory Committee (Investment Advisory Committee). The Comptroller is also required to make annual distributions to eligible governmental units and to prepare and distribute annual reports regarding the Fund's assets and investments. The Investment Advisory Committee consists of 11 members from the largest governmental units affected by the Act. The Comptroller, with the advice of, and in consultation with, the Investment Advisory Committee, has developed an Investment Policy which guides the investments of the Fund.

The Act requires the Texas Department of Health to collect information regarding the amount of each governmental unit's un-reimbursed health care expenditures, and to certify to the Comptroller the percentage payable from the Fund to each governmental unit.

### (2) Summary of Significant Accounting Policies

#### (a) *Measurement Focus, Basis of Accounting, and Financial Statement Presentation*

The State of Texas reports the Fund as a private-purpose trust fund in its basic financial statements. Private-purpose trust funds are accounted for using the economic resources measurement focus and the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when the liability is incurred regardless of the time of the related cash flows.

Effective January 1, 2013, the Fund adopted Governmental Accounting Standards Board Statement No. 65, *Items Previously Reported as Assets and Liabilities*. This statement establishes accounting and financial reporting standards that reclassify, as deferred outflows of resources or deferred inflows of resources, certain items that were previously reported as assets and liabilities, and recognizes as outflows of resources or inflows of resources, certain items that were previously reported as assets and liabilities. The adoption of this standard did not have a significant impact on the Fund's financial statements.

### (2) Summary of Significant Accounting Policies (continued)

#### (b) *Restrictions*

In accordance with the Act, the Fund is composed of money paid to the Fund in accordance with the Tobacco Settlement Agreement, assets purchased with that money, earnings of the Fund, and any other contributions made to the Fund. These amounts represent the corpus of the Fund and shall remain in the Fund and may not be distributed for any purpose that is not in accordance with the approved spending policy. The money and other assets contained in the Fund are not a part of the general funds of the State of Texas.

The Comptroller, with the advice and consultation of the Investment Advisory Committee, may use the earnings of the Fund for investment expense. Upon certification in accordance with the Health and Safety Code, Subchapter J, Chapter 12, the Comptroller shall make an annual distribution from the net earnings from the Fund, to each eligible political subdivision as provided in the agreement regarding disposition of settlement proceeds.

#### (c) *Investments*

Investments with a readily determinable fair value are reported at fair value based upon quoted market prices, or when quoted market prices are not readily determinable, estimated fair values based on market conditions and information provided by the investment administrators are used. For investments in limited partnerships where no readily determinable fair value exists, the fair value of the investment is based on the most recent capital account balance of each limited partnership as communicated by the investment administrator, adjusted for subsequent contributions, distributions, and withdrawals, or based upon their evaluation of estimated changes in values from the date of the most recent capital account balance. For investments in fund of hedge funds and direct investments in hedge funds, the fair value is based on net asset value information provided by the designated fund administrator. The Texas Treasury Safekeeping Trust Company (Texas Trust) reviews fair values and makes adjustments as necessary based on their evaluation.

According to the Act, the Comptroller is to administer and manage the assets of the Fund using the specified fiduciary standard of care and with the advice of, and in consultation with, the Investment Advisory Committee. The Fund is authorized to invest its funds according to the approved Investment Policy.

### **(2) Summary of Significant Accounting Policies (continued)**

#### **(d) *Custodian***

The Fund contracts services to a custodian to assist with certain of its responsibilities. The custodian performs the duties involving the acquisition, sale, and holding of fixed income and equity investments in the Fund's name.

#### **(e) *Income Tax***

The Fund is exempt from federal income tax on its operations in accordance with Internal Revenue Code Section 115.

#### **(f) *Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ significantly from these estimates.

Euro	\$ 191,461	\$ 66,521,007	\$ 66,712,468

#### *Treasury Pool*

The Fund may participate in the Treasury Pool, which is an internal investment pool. The Comptroller maintains oversight responsibility for the Treasury Pool. This responsibility includes the ability to influence operations, designation of management, and accountability for fiscal matters. The Treasury Pool operates in accordance with the Comptroller's Investment Policy. The Fund receives allocated earnings based on its percentage share of the Treasury Pool, but its overall value remains the same as the initial deposit into the Treasury Pool plus accrued income. The Fund was not invested in the Treasury Pool at December 31, 2013.

### (4) Annual Distribution from the Fund

The Comptroller is required by Government Code, Section 403.1041, to administer the Tobacco Settlement Permanent Trust Account (Trust Account) and manage the assets of the Trust Account with the advice of, and in consultation with, the Investment Advisory Committee. The Comptroller is also required to adopt rules necessary to implement the Comptroller's duties under Government Code, Section 403.1041, including rules distinguishing the net earnings of the Trust Account that may be distributed from earnings used for investment expenses and from the money and assets that are the corpus of the Trust Account.

A rule revision was adopted by the Comptroller with the advice and approval of the Investment Advisory Committee, and became effective for the actual distribution amount from the Fund for 2006 and for reserving an allocation for the distribution stabilization account (DSA), the calculations of which are based on these basic financial statements.

A rule revision was adopted by the Comptroller with the advice and approval of the Investment Advisory Committee, and became effective for the actual distribution amount from the Fund for 2011. If the net earnings of the trust account are less than the calculated actual distribution amount, the actual distribution amount shall not exceed the lesser of: 4.5% of the average market value or 4.5% of the year-end market value. The distribution shall be funded from the sources, until exhausted, in the order provided as follows:

- (1) adjusted current earnings;
- (2) positive net earnings; then
- (3) up to 50% of the balance of the distribution stabilization account.

Any or all positive net earnings, not otherwise distributed may be distributed to the DSA.

### **(4) Annual Distribution from the Fund (continued)**

In April 2013 the board elected to distribute \$50,000,000. The distribution was funded from current earnings less investment expenses of \$45,905,578 and \$4,094,422 from the DSA. The current balance in the DSA is \$26,131,734.

The inflation adjusted corpus for the year ending December 31, 2013, was \$2,239,526,703. The average market value of the Trust Account using the most recent twenty (20) calendar quarter-end market values of \$2,019,810,465. The market value at year end is \$2,268,980,853. Based on these values, the maximum amount eligible for distribution in April 2013 under the rules is \$78,971,778. Because the net earnings are less than the calculated distribution amount, the distribution will be funded from the following sources, \$16,388,283 from positive net earnings \$49,517,628 from current earnings less investment expenses and \$13,065,867 from the DSA.

If the maximum amount eligible is distributed, the total DSA reserve would be reduced to \$13,065,867. The reserve is intended to be used to facilitate the objectives of providing a predictable, stable stream of distributions over time and to ensure that the inflation-adjusted value of the distributions is maintained over the long-term.

### **(5) Related Parties**

Prior to September 1, 2001, the Comptroller provided financial and staff support to conduct and administer the day-to-day operations of the Texas Trust, including the Fund. Those expenses were neither recorded nor allocated to the Fund's basic financial statements and were paid through the General Fund of the Comptroller's Office.

Beginning September 1, 2005, the contract and agreement between the Comptroller and the Texas Trust allows the Texas Trust to charge a flat fee of 30 basis points to recover all costs associated with the management of the Fund. The Fund was charged \$6,560,768 for the months of January 2013 through December 2013.
